

REMARKS

Applicant and his attorney would like to express our thanks to Examiners Henry and Hotaling for the courtesy shown to us during the personal interview and live demonstration of a prototype of the invention at the USPTO on September 15, 2009. During a telephone interview with Examiner Henry on September 29, 2009, Applicant was advised that after examination of the amended claims filed this past July, the Office is prepared to issue a Notice of Allowance for the instant application, subject to the filing of a Terminal Disclaimer in view of applicants USP 7,510,477. Accordingly, applicant hereby submits such Terminal Disclaimer.

Additionally, Applicant's attorney noted to Examiner Henry during the telephonic interview that claim identifiers were missing from a few of the unamended claims in the last amendment, and that a further subclaim for each of the two independent claims was inadvertently not filed. Thus, by this amendment, these inadvertent errors are corrected. Accordingly, a prompt issuance of the Notice of Allowance is respectfully requested.

The \$52 fee for two extra dependent claims over 20 and the \$70 fee for filing the Terminal Disclaimer are being paid via credit card at the time of electronically filing this paper.

If any issues remain, Examiner Henry is asked to contact the attorney noted below.

Respectfully submitted,

/Lawrence C. Edelman/
